LIST OF CONTENTS

Volume 28A, No. 1, January 1994

Said M. Easa 1 Reliability-based design of sight distance at railroad grade crossings

Said M. Easa 17 Design considerations for highway sight-hidden dips

Winston T. H. Koh and **David K. C. Lee** 31 The vehicle quota system in Singapore: An assessment

49 Recent Doctoral Dissertations

I Forthcoming Papers

Volume 28A, No. 2, March 1994

Charles Lave 83 The demand curve under road pricing and the problem of political feasibility

P. N. Smith and **C. J. Taylor** 93 A method for the rationalisation of a suburban railway network

E. Hauer 109 Can one estimate the value of life or is it better to be dead than stuck in traffic?

Minnie H. Patel and **Alan J. Horowitz** 119 Optimal routing of hazardous materials considering risk of spill

Haris N. Koutsopoulos and **Mayiz Habbal** 133 Effect of intersection delay modeling on the performance of traffic equilibrium models

Koji Tsunokawa and **Joseph L. Schofer** 151 Trend curve optimal control model for highway pavement maintenance: Case study and evaluation

I Forthcoming Papers

Volume 28A, No. 3, May 1994

Octavio Richetta and **Amedeo R. Odoni**	167	Dynamic solution to the ground-holding problem in air traffic control
Masahiko Furuichi and **Frank S. Koppelman**	187	An analysis of air travelers' departure airport and destination choice behavior
Chen-Hsiu Laih	197	Queueing at a bottleneck with single- and multi-step tolls
Eran Feitelson	209	The potential of rail as an environmental solution: Setting the agenda
Mark A. Delucchi, **David L. Greene** and **Michael Quanlu Wang**	223	Motor-vehicle fuel-economy: The forgotten hydrocarbon control strategy?
Yoram Shiftan and **Nigel H. M. Wilson**	245	Absence, overtime, and reliability relationships in transit workforce planning
	I	Forthcoming Papers

Volume 28A, No. 4, July 1994

Kenneth J. Button and **Peter Nijkamp**	259	Editorial
Peter Nijkamp	261	Roads toward environmentally sustainable transport
Erik Verhoef	273	External effects and social costs of road transport
Kenneth J. Button	289	Alternative approaches toward containing transport externalities: An international comparison
Kenneth M. Gwilliam and **Harry Geerlings**	307	New technologies and their potential to reduce the environmental impact of transportation
Werner Rothengatter	321	Do external benefits compensate for external costs of transport?
Piet Rietveld	329	Spatial economic impacts of transport infrastructure supply
Rico Maggi	343	Environmental implications of missing transport networks in Europe

Joseph Berechman 351 Urban and regional economic impacts of transportation investment: A critical assessment and proposed methodology

363 Book Reviews

I Forthcoming Papers

Volume 28A, No. 5, September 1994

Khaled A. Abbas and **Michael G. H. Bell** 373 System dynamics applicability to transportation modeling

Carl A. Scheraga **John A. Haslem** and **Thomas M. Corsi** 401 The financial mobility of motor carriers: Pre- and post-deregulation

Waleed Youseff and **Mark Hansen** 415 Consequences of strategic alliances between international airlines: The case of Swissair and SAS

Michael J. Cassidy **YoungTae Son** and **David V. Rosowsky** 433 Estimating motorist delay at two-lane highway work zones

445 Book Reviews

449 Thanks to Reviewers

I Forthcoming Papers

Volume 28A, No. 6, November 1994

SPECIAL ISSUE

TRANSPORTATION POLICY AND PRACTICE IN GERMANY

Wilhelm Leutzbach 451 Transportation policy and practice in Germany: An introduction

Matthias Wissmann	453	German transport policy after reunification
Werner Rothengatter	459	Transport demand development in Germany after the unification
Werner Brilon	469	Traffic engineering and the new German highway capacity manual
Hartmut Keller	483	The German part in European research programmes PROMETHEUS and DRIVE/ATT
Wulf Schwanhaüber	495	The status of German railway operations management in research and practice
Gerhard Hüttig, Wolfgang Busch, and **Norbert Gronak**	501	Growing demand and capacity of airports
Hellmuth St. Seidenfus	511	Inland waterway transport in the Federal Republic of Germany: Situation and problems
